Tollywood (Telugu Cinema) — Movie Dataset

A curated sample dataset for learning Python, Pandas, data visualization, SQL, and machine learning.

Fields: Movie title, release year, genre, rating (approximate reference values), runtime, director, and lead cast.

Important: Ratings can vary by platform and over time. Treat the ratings here as illustrative/reference values and verify them against a chosen source before research or publication. This is a curated sample, not a complete or official industry dataset.
